## 4.0 Overview of Red Line South Extension Project

10:10 a.m.

CMAP staff Kendra Smith will present the livability report for the Red Line South Extension. This extension would extend the Red Line from its current terminus at the 95th Street Station four stops to 130th Street. CMAP collaborated with the Developing Communities Project (DCP) and the Chicago Transit Authority (CTA) on this report, which supplements CTA's pursuit of federal New Starts funding and serves as an educational resource for the Greater Roseland community, as well as local, state, and federal partners.
